follow	ving limitations and conditions: This permit to change the point of di			
of the waters of an underground source as heretofore granted under Permit 27495 is issued subject to the terms and conditions imposed in said Permit 27495 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water. If well is flowing, a valve must be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times.				
all not	The total diversion of water under the permits issued on Section 19, T.38N., exceed 10.8 c.f.s.	R.37E. M.D.B.&M. shall
